ALUMNI DIRECTORY

Washington University School of Law

St. Louis, Missouri

INTRODUCTION

This is the first alumni directory produced by the School of Law since 1974. It is designed to accommodate semi-annual updating through supplements mailed routinely to those ordering an initial copy of the directory. The first supplement will be made available in March 1982 and will include address changes brought to our attention since June. We have included forms for you to report any change in your home or business address.

The Alumni Directory is divided into three sections: An alphabetical listing of all graduates; a listing by state; and an alphabetical class listing. The middle section contains the preferred mailing address of the graduate and a business or home telephone number. For most states, the listings in this section are arranged alphabetically by state. In states having a relatively large number of graduates, however, the listings are arranged alphabetically by zip code. Users of the directory will be guided to the proper zip code in either the first (alphabetical) or the third (class) sections.

We have tried very hard to make this directory accurate and comprehensive. In September 1980, Alumni Directory notification cards were mailed to all graduates; approximately one-third reported address changes. Nevertheless, inaccuracies may result from home or business address changes that have not been reported to the University or typographical errors. It is our sincere hope that with each new supplement these errors can be reduced to a minimum. Additional forms have been included at the back of the directory to enable you to report errors you discover. Your assistance in helping us make future installments more accurate will be greatly appreciated.
